markers and a guide for colored pencils that explain everything you need to know before making a purchase. You can also see a vast review of my favorite coloring tool of all time: copy markers. If you are on a budget and you want to try alcohol markers, check my in-depth review of the very convenient Ohuhu markers! For more information on the funny art of coloring, and my personal coloring story, check the main coloring page. Learn to draw would you like to learn to draw? If so, check my review of the Let's Draw course! This drawing course is offered by two expert instructors who have taught their method to thousands of students! The course consists of video and ebook lessons, which means that it is possible to learn and practice in your home and rhythm. To draw animals, landscapes and nature death gradually, but you will also learn a lot of art theory, which means that you can take these techniques and apply them to anything you want to draw. Because because is available digitally, you can start immediately! Take a look at my coloring posters, which are a fun way to expand your repertoire to color and create something nice for your home! They are printed on heavy archival paper and available in a range of sizes. You can color your poster with markers, color pencils, paint pens and gel pens. I'd like to see how colorful in my artwork! Join my group to color on Facebook to share your colored pages from my books, ebooks and calendar to color. Find inspiration in seeing how others color my art and show your creativity! creativity!
