F-1 Name _____ Date _____

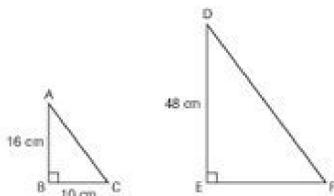

Challenge

Similar Figures

Solve. The figures in each pair are similar.

1. What is the area of triangle *DEF*?

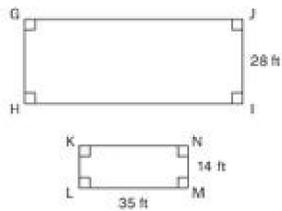

Area = _____

2. What are the perimeter and area of rectangle *GHU*?

Perimeter = _____

Area = _____

3. The area of rectangle *OPQR* is 588 m^2 . What are the area and perimeter of rectangle *STUV*? What is the perimeter of rectangle *OPQR*?

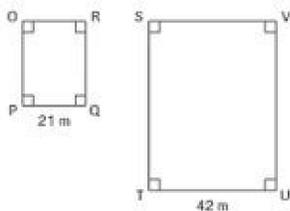

Rectangle *STUV*:

Area = _____

Perimeter = _____

Rectangle *OPQR*:

Perimeter = _____

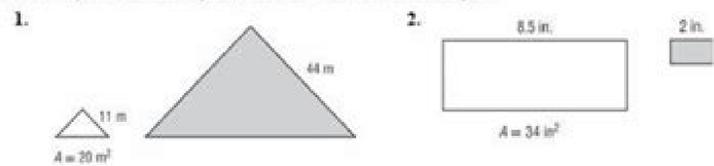

4. **Explain Your Thinking** Explain how you solved exercise 3.

NAME _____ DATE _____ PERIOD _____

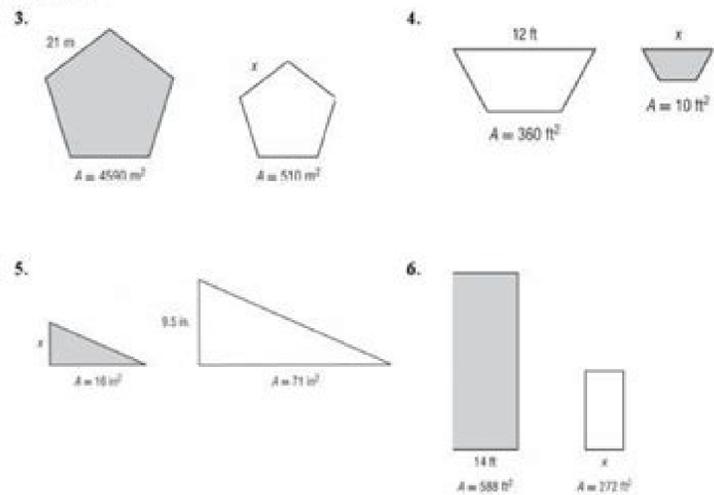

11-5 Practice

Areas of Similar Figures

For each pair of similar figures, find the area of the shaded figure.

For each pair of similar figures, use the given areas to find the scale factor from the unshaded to the shaded figure. Then find *x*.

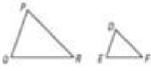

7. **SCIENCE PROJECT** Matt has two posters for his science project. Each poster is a rectangle. The length of the larger poster is 11 inches. The length of the smaller poster is 6 inches. What is the area of the smaller poster if the larger poster is 93.5 square inches?

1. If polygons are similar then what do you know about the corresponding sides and the corresponding angles?

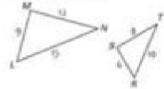

Given the similar figures, name all pairs of corresponding sides and angles. Look at the similarity statement to help.

2. $\triangle PQR \sim \triangle DEF$

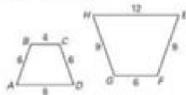

$\overline{QP} \rightarrow$ _____ $\angle Q \cong$ _____
 $\overline{PR} \rightarrow$ _____ $\angle P \cong$ _____
 $\overline{RQ} \rightarrow$ _____ $\angle R \cong$ _____

3. $\triangle LMN \sim \triangle RST$

$\overline{LM} \rightarrow$ _____ $\angle L \cong$ _____
 $\overline{MN} \rightarrow$ _____ $\angle M \cong$ _____
 $\overline{NL} \rightarrow$ _____ $\angle N \cong$ _____

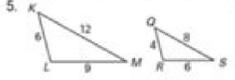

4. $ABCD \sim HGFE$

$\overline{AB} \rightarrow$ _____ $\angle A \cong$ _____
 $\overline{BC} \rightarrow$ _____ $\angle B \cong$ _____
 $\overline{CD} \rightarrow$ _____ $\angle C \cong$ _____
 $\overline{DA} \rightarrow$ _____ $\angle D \cong$ _____

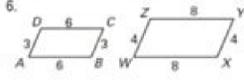

Use the similar polygons above to write the statement of proportionality for each:

Complete the similarity statement for the similar figures and then find the scale factor. REDUCE fractions!

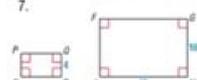

$\triangle LKM \sim \triangle$ _____

Scale Factor: _____

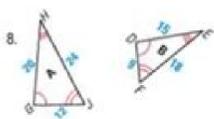

$CBAD \sim$ _____

Scale Factor: _____

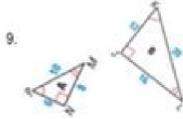

$RSPQ \sim$ _____

Scale Factor: _____

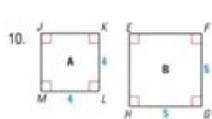

$\triangle HUG \sim \triangle$ _____

Scale Factor: _____

$\triangle NPM \sim \triangle$ _____

Scale Factor: _____

$KJML \sim$ _____

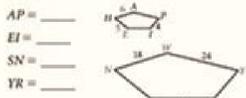

Scale Factor: _____

Lesson 11.1 • Similar Polygons

Name _____ Period _____ Date _____

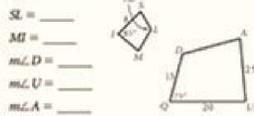

All measurements are in centimeters.

1. $HAPIE \sim NWYRS$

$AP =$ _____
 $EI =$ _____
 $SN =$ _____
 $YR =$ _____

2. $QUAD \sim SIML$

$SL =$ _____
 $MI =$ _____
 $m\angle D =$ _____
 $m\angle U =$ _____
 $m\angle A =$ _____

In Exercises 3-6, decide whether or not the figures are similar. Explain why or why not.

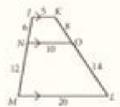

3. $ABCD$ and $EFGH$

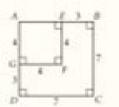

4. $\triangle ABC$ and $\triangle ADE$

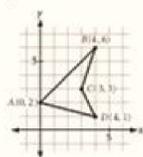

5. $JKON$ and $JKLM$

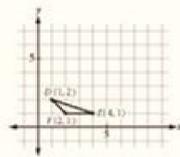

6. $ABCD$ and $AEPG$

7. Draw the dilation of $ABCD$ by a scale factor of $\frac{1}{2}$. What is the ratio of the perimeter of the dilated quadrilateral to the perimeter of the original quadrilateral?

8. Draw the dilation of $\triangle DEF$ by a scale factor of 2. What is the ratio of the area of the dilated triangle to the area of the original triangle?

Scale Factor - Similar Triangles

A) Find the scale factor of each pair of similar triangles.

Scale factor of A to B is _____

Scale factor of M to N is _____

Scale factor of O to P is _____

Scale factor of R to S is _____

B) Find the scale factor of each pair of similar triangles.

Scale factor of U to V is _____

Scale factor of V to U is _____

Scale factor of W to X is _____

Scale factor of X to W is _____

Scale factor of Y to Z is _____

Scale factor of Z to Y is _____

Scale factor of A to B is _____

Scale factor of B to A is _____

Printable Worksheets at www.softschools.com

Exploring similar figures worksheet answer key.

Some figures only have measurements on some of the sides, so the students have to find the missing dimensions. Common and Proper Nouns Activity Page by Mrs. Give this activity as guided practice, independent practice, or as homework. Your students will love each of these quick and challenging Brain Breaks and enjoy the novelty of rolling a die to select which one to do. They will move along the colorful game board until one is declared the winner! This center includes a cover page for a manila envelope, setup directions, how to play directions, game cards, a spinner, and an answer key! Enjoy! I would love for you to follow me so you don't miss out on any other! Page 4 Financial Literacy Coloring Book FREE By This 10-page coloring book includes unique coloring pages all about Financial Literacy. Just display them with your document camera, add a die, and you are set to go - no extra materials are needed and each activity is clearly explained. These teen number printables will give your class practice making amounts in the teens, adding to make teen numbers, and writing and tracing teen numbers. Just insert into your program such as PowerPoint and then add any photo, paper etc and send to the back so that the fill shows through. TOU1. and Write each number in expanded form. For the version with UK spellings, go here. Students will research where the landform is located, pictures, facts, and so much more! This product is easy to use through Google Slides and allows students to type directly on the slides with easy-to-access text boxes. Included in TPT purchase: All About Landforms Cover Choose a Landform Slide Picture Types: Figurative Language Stories By The packet includes 17 cards with stories filled with figurative language (metaphors, idioms, similes), a graphic organizer (2 versions), and a printable die. This packet is focused around the RAP protocol: Read one paragraph Ask yourself what were the main idea and two details Put the main idea and two details into your own words Paraphrasing is one of the best ways to increase comprehension, and it also allows you to see where the child's comprehension is breaking down! Great for SLPs who work in (FREE) Perimeter Playground Activity Page - Worksheets by Your students will review perimeter with this fun, perimeter playground, activity page. Use them in your math centers or stations, or as a fast finisher job. Scaffolded Notes on Ratios, Unit Rates, and Unit Prices Unit Rate, Unit Price, and Ratio Tables Practice Problems The Golden Ratio: A Human Body Proportion Project Solv'n Page 2 Organize your STEM, STEAM, blocks, or science center with these free labels! And yes the labels have real photographs. Don't see a label for something you have in your center? They solve each of the problems, cut the puzzle, match the right answers, and color the mystery picture they have revealed. At the end of our independent reading time each day, I would have my kiddos pick a question to respond to about the book they read that day in a special Reader's Response Journal, a spiral notebook. It is an overlay that you can use to write/type over PDFs digitally, or assign to students through Google Classroom! This free download is for a set of reading response questions that your students can use with practically any book! I use this download to keep my students accountable during their daily independent reading time. The question types are: What is the value of the underlined digit? Enjoy! Check out my other free worksheets and activities by clicking on the links below. The teen numbers can be tricky, so having extra printables/worksheets to practice them is always a good idea! Coloring Therapy - Mandalas Coloring Pages (Educlips Resources) by ***THIS IS NOT CLIPART*** This is a collection of mandala coloring page designs created by Educlips. Your students will love coloring and decorating these pages while they learn how to manage their money. Use this as a class or homework assignment. Try It Free This is a short review page that covers: unit cost, equivalent ratios, rate tables, cross-products, scale, scale factor, and similar figures. Then, students will read paragraphs and determine the author's purpose for each paragraph. K. This escape room activity is ideal for small groups, advisory periods, morning work, resource rooms, or just for fun! Note that this is a free sample puzzle that includes only one challenge. Cookies collect information about your preferences and your device and are used to make the site work as you expect it to, to understand how you interact with the site, and to show advertisements that are targeted to your interests. An answer key is included for easy grading. It always keeps me creating more for you! *****Executive Functioning Escape Room Activity This free escape room activity is a puzzle challenge related to executive functioning skills. The students will then sort and glue under the correct purpose. Two versions of this craft are included: Students can find the author's purpose using persuade, inform, and entertain. OR Students can find the author's purpose using describe, answer, and explain. Happy Teaching! mandy Brain Breaks Freebie: Roll a Brain Break! Brain Breaks are not only fun, but essential for focus and learning. An answer key is provided for easy grading. Use these pages for starters or early finishers. I love your feedback! Please leave feedback if you can find these resources useful in your classroom. It is to be used along side an adult as the child will be answering the questions verbally. • If you enjoyed this freebie please give feedback and follow my store for more! • For more of these worksheets see Part 11! TPT Digital Activity option: This option does not contain interactive moveable pieces. Here are other projects I have about ratios and proportions: Unit Rate Maze Unit Rates Maze: Which Product is the Better Buy? Gilchrist is licensed under a Creative Commons Attribution-NoDerivs 3.0 Unported License. Based on a work at Practice teen numbers 11-20 with 10 frames and base 10 pictures in these Teen Number worksheets. This freebie includes a look and count worksheet, hidden picture worksheet, a missing number worksheet, and two 10 frame worksheets including numbers 1-10 and 11-20. Skills include: Change a fraction to a decimal form Word form to numerical or decimals standard form Comparing decimals Ordering decimals These puzzles can be used in: small group instruction for differentiated skill Brain Breaks Freebie: Roll a Brain Break! Brain Breaks are not only fun, but essential for focus and learning. These would be great to use with a sub or anytime you want to try something a little different. Two formats are included, color and black line. Page 5 These are templates to create printable images for bulletin boards, classroom decorations, hall walls, doors etc. The students have to look closely at some of the problems require them to regroup or borrow. It includes an answer key, and plenty of room to show work. Enjoy! Check out my other free worksheets and activities by clicking on the link below. This worksheet includes an answer key within the file (it is not separate) for easy grading. I found this to be a great way to get my kiddos responding to text daily and it really is fun! Your students will read cards and determine if they are a fact or an opinion. No worries! I included an editable file so you can create your own too! Go check out more STEM I Can Build! Save over 20% and grab the STEM Bundle STEM I Can Build Cards, Books, and Anchor Charts BUNDLE! • Starter Set STEM I Can Build Cards, Books, and Anchor Charts • Fall, Farm, School, Halloween, and Thanksgiving SPAGE 3 Figurative Language Stories By The packet includes 17 cards with stories filled with figurative language (metaphors, idioms, similes), a graphic organizer (2 versions), and a printable die. This packet is focused around the RAP protocol: Read one paragraph Ask yourself what were the main idea and two details Put the main idea and two details into your own words Paraphrasing is one of the best ways to increase comprehension, and it also allows you to see where the child's comprehension is breaking down! Great for SLPs who work in (FREE) Perimeter Playground Activity Page - Worksheets by Your students will review perimeter with this fun, perimeter playground, activity page. If you are interested in more similar challenges pSynonyms and Antonyms Sort FREE By Here's a low prep, engaging activity to use during language arts stations or centers, for test review, or as independent or partner work that will keep your students working on synonyms and antonyms and will add engagement to the lesson. What's included: 1 synonyms and antonyms sorting/recording mat 1 large sized synonym and antonym card set 1 set of synonym and antonym word cards to sort 1 editable word cards page 1 answer key of the correct synonym and antonym sorts Similar Resources and S Interactive Notebooks: Free Graphic Organizers, Foldables, and One Pagers In this free package, I have included a variety of different Interactive Notebook resources to help get you started! I hope you can make use of them in your classroom and enjoy using them as much as I do! Three of my bestselling Comprehension Strategy Posters have been included, as well as a few different graphic organizers and foldable resources that I have for sale in my TPT store. *****Free Ocean Animals Numbers 1-20 Worksheets by These printables will help your students practice their numbers to 20 with cute ocean animals. When you visit this site, it may store or retrieve information on your browser, mostly in the form of cookies. This worksheet contains 10 sentences that your students have to correct. The answer key is also provided for easy grading. These would be great to use with a sub or anytime you want to try something a little different. Two formats are included, color and black line. Place Value Review Activity Worksheets by This place value review activity features 27 problems. If you enjoyed this freebie, please take a moment and leave feedback. If you are looking for more ocean themed number products, check out my full ocean animal numbers and adding product which includes fun number and addition learning center Give your students extra practice with this three digit subtraction worksheet. Reviewed and rated by trusted, credentialed teachers. Perfect for students in a Personal Finance class! What's Included: A coloring page for each of the following topics: General Financial Literacy (2) Behavioral Finance (1) Career (1) Banking (1) Saving (1) Credit & Debt (1) Insurance (1) Investing & Cryptocurrency Telling Time to the Nearest Five Minutes by This activity page/worksheet contains multiple opportunities for your students to practice telling time to the nearest five minutes. Use this as a formative assessment before teaching and/or a summative assessment after you have taught this concept. The pages have been designed to be quiet, calming activities but could also be used for early finishers and for practice with fine motor control. Also great for summer break/traveling activities - just print and go! The book includes ideas for making different marks in the coloring designs, rather than just filling the spaces. For best results! Wh-Questions: No Prep Freebie! Describe-a-Scene Part 2 by This is a free product for practicing answering wh- questions and describing scenes. This lesson will take students through researching a specific landform. This version contains US spellings. An answer key is provided easier grading. Students can work together or independently to solve a puzzle and discover the secret phrase to unlock the door and win the challenge in a specified amount of time. What is the place value of the underlined digit? Use as a formative assessment, homework, guided practice, or even as a quiz. Save time and discover engaging curriculum for your classroom. I love your feedback! Please leave feedback if you can find these resources useful in your classroom. Solve, Cut, Paste, and Color Halloween Mystery Picture Puzzles Have your students review different decimal skills with these fun and engaging mystery picture puzzles. I love your feedback! Please Common and Proper Nouns Worksheet Activity Page by With this worksheet, your students will have a better understanding between the difference of common and proper nouns. Skills include: Change a fraction to a decimal form Word form to numerical or decimals standard form Comparing decimals Ordering decimals These puzzles can be used in: small group instruction for differentiated skill Author's Purpose Craft FREE By Author's Purpose Craft: Create this adorable pot of gold author's purpose craft! Students will cut out the pot of gold flip book. After students identify the errors by circling them, they have to write the sentence correctly. You can find out more and change our default settings with Cookie Settings. This activity page provides examples of common and proper nouns along with practice for your students. You may not sell, distribute, trade or share my graphics in any way. 2. You may use the graphics in your classroom and in various teaching mediums including worksheets, displays, projects etc. 3. You may use the graphics commercially in teaching mPage 6 It always kLandform Search | Digital Science Research Project This interactive research lesson is perfect for continuing student learning. There are a total of 8 problems for the students to solve. The students will check each others' answers with a provided key. I love your feedback! Please leave feedback if you can find these resources useful in your classroom. Revising and Editing Sentences Printable Worksheet by Do your students struggle with using proper conventions, spelling, and correct grammar?

Connected Teaching and Learning. Connected Teaching and Learning from HMH brings together on-demand professional development, students' assessment data, and ... A comprehensive and coherent set of mathematics standards for each and every student from prekindergarten through grade 12. Principles and Standards is the first set of rigorous, college and career readiness standards for the 21st century. Principles and Standards for School Mathematics outlines the essential components of a high-quality school mathematics program. It is a great way of exploring area and perimeter in a fun and engaging way. ... They are aimed at 4th and 5th grade. Perimeter of Different Shapes Worksheets Perimeter of a Rhombus Support page. ...
