The relics help Shantae, the half-genius hero becomes stronger New benefits and abilities. Here's how to unlock the relic relic Results. Shantae Half Genie Hero is a successful project of an independent game creator who is born. This guide will help players unlock Relic Recovery in the game. Shantae Half-Genie Hero is the fourth entry in the Shantae series of games. The game is currently free on Xbox Gold. It comes from the developer Wayforward, who was able to successfully raise funds for the title on Kickstarter. The initial target was for \$400,000 and the company jumped that target out of the water raising over \$770,000 for their game. Even more money was put forward through Paypal bringing the grand total to over \$900,000. This game is a hit and has resonated with its funders and new fans to collect the game for the first time. This guide will help players unlock Relic Recovery. Shantae begins her search after being communicated by a voice in her dreams that tells her of the impending doom that only she can defeat. Relics are powers that can be equipped with Shantae to give her unique and powerful abilities. The wrecks are hidden throughout the game or can be purchased in stores. Some of the relics can increase the damage coming from Shantae's hair or provide item changes in the world, such as HP turning into money when collected. This guide will give you the complete list of how to get each relic in the game, and how to finally unlock the Relic Collect. All Relics of Shantae Half Genius Hero Here is the list of every Relic in the game and where to find them as well as what they do. Shampoo: Sold at the store items for 100 Gems. Unlimited magic. Collecting all these requires the player to collect a load of gems. Except for relics found in specific places or in the Kingdom of the Genii. Shantae is what any independent developer would want to achieve. Shantae is a symbol of the gaming community, also having a good amount of support for her to make her way to the massive crossover of Nintendo, Super Smash Brothers Ultimate. He is always ranked among the largest and most popular characters such as the Master Chief of Halo or Sister of Kingdom Hearts. For an independent character, it is firmly next to iconic indie characters such as the head, Sans from Underwater, and Steve from Minecraft (if people still consider Minecraft as a game) After his enormous increase in popularity). The series will most likely continue, regardless of whether it is from the support of fans or revenue generated by the games themselves. More: More: Wonderful 101: Restored comes to kickstarter s for PC, PS4 and Hero Hero Hero switches It is now available on PC, PS4, PS Vita, Wii U, Xbox One and Nintendo Switch Best Rare Armor in Baldur's Gate 3: Position & How to find related topics about the author Sky Flores (2349 published articles) Other from Sky Flores Flores
