Whether you are celebrating the day with others in your home or you are making a virtual meeting through Netflix Party, we collected 15 films chosen to help mitigate the stress of the day of choice of movies. From the classics focused on the day of thanks to the films that capture a sense of family, fun and intimacy suitable for holidays, these films will surely also enthusiast lovers of the most demanding cinema. The first of our list is probably the first in everyone's mind when it comes to naming a Thanksgiving film. Strangely, for all the Christmas films that flood our screens in December, there are really too many films (of quality) set against the background of Turkey day. John Hughes aircraft, trains and cars is a resounding exception to this strange phenomenon. Photo Courtesy: Paramount Pictures / IMDB Interpreted by the always exhilarating Steve Martin and John Candy, this Christmas comedy follows Neal Page (Martin), a rather agitated dress, and Griffith (Candy), a nice seller of shower curtains, which undertake a one € "" three-day odyssey to get to Chicago in time to Nealà € À Thanksgiving dinner. This classic formula Á «strange couple 'holds à à à à «- And, hey, we can all refer to travel plans that go wrong, especially during the holidays. Now streaming on: Amazon Prime Video, Sling TV. If there is something that can be said of pieces of April, is that it is very soon. And if there is a second thing you can say about Peter Hedges, it's that it is a surprisingly big movie that receives repeated visits every year. This is largely due to the cast of movie stars, which includes Katie Holmes, Derek Luke, Sean Hayes, Alison Pill, Oliver Platt, John Gallagher Jr. and Patricia Clarkson. Our protagonist is April (Holmes), which struggles to prepare a Thanksgiving lunch all that perfect for her family. She narrowed her apartment in the Lower East Side in Manhattan, with her non-functioning oven and a series of other obstacles, making the day of April even more stressful. To make the most difficult things, the mother of April, Joy (Clarkson), believes that this is her last thanks to her because of her recent diagnosis of breast cancer. Fun and heartbreaking, the film won both the Academy Award nominations and Golden Globe, and it's easy to understand why. Now streaming on: Amazon Prime Video, Sling TV. Few films of recent years have captured a familiar dynamic with such precision as The Goodbye. When you doyou have a full view of the characters outside the central plot of the movie. Although this is not about Thanksgiving, it sees a family reuniting and navigating their needs (often contrasting) in a way that makes you feel like a must look when you are gathered with your loved ones. Written and directed by Lulu Wang, The Farewell is based on its segment What You Donà ð Know of the This American Life program by NPRà ð. What about that segment? It was based on Wang's experience visiting his paternal grandmother Nai Nai (fatherland), terminal ill, in China, when Wang's family agreed that it would be better to maintain diagnosis at Nai Nai. In the film, the often comedian Awkwafina interprets Wangà's replacement character, Bill, showing a "physicist as a fish of water and an emotional sincerity on the sleeve that acts as a catalyst for the family to deal with issues that would prefer not to say" (IndieWire). If you've ever felt a bit uncomfortable in your family, if you've ever kept a secret or you're worried about not being completely honest with a loved one, then The Farewell reserves the space as it does for his family on the screen. Although Happest Season is a Christmas movie, we are more than happy to add it to the must-have list of Thanksgiving. That is to say, we are happy to do so because Hulu published it the day before Thanksgiving and, when it comes to this, all winter rom comedies feel quite suitable for the view of Turkey Day, regardless of the holiday they are in. Here, director Clea DuVall makes yuletide (and gender) gay with a story based, in part, on her experiences as a woman queer. Photo Courtesy: TriStar Pictures/Hulu/IMDb The film stars Kristen Stewart and Mackenzie Davis as Abby and Harper, a happy gay couple who goes to Harper's family home for Christmas. Abby, who is not a big fan of the holidays, is excited to meet Harper's parents and even more excited to make the proposal to the love of his life. The only problem? Harper's not in contact with his parents and wants to keep that part of himself hidden until after the holidays. With Aubrey Plaza, Dan Levy, Mary Steenburgen and Mary Holland, Happest Season is an instant classic. Wonderful genre and faces well beaten emerging characters with more nuances than other movies, all while hitting those Roma-com beats that will surely make you smile. Streaming on: Hulu. Of course, football may be the official non-official sports of Thanksgiving, but a great sports film is a great sports film, regardless of the field or field that Love & Basketball offers. In addition to giving the public all the pain and romantic acutes that you might want, this classic also offers emotions from sports movies and captures skillfully what it means to be an athlete woman. PhotoNEW LINE CINEMA / IMDB is a mix of athletic ambition, family romantic jokes and the way the film traces the IL of its two main characters that makes Love & Basket feel like a particularly chosen holiday watch. For her directoral debut, Gina Prince-Bythewood told Slate that she "wanted to have a real love affair with blacks. Not a romantic comedy, but the guy who destroys you and turns you back". Without a doubt, Love & Basketball does just that. The film traces the relationship between Monica (Sanaa Lathan) and Quincy (Omar Epps), two children who love basketball, become rivals and then, during their lives, explore an on-again/off-again relationship. Who needs the Dallas Cowboys, right? Now available for rent on: Amazon Prime Video, Vudu, YouTube. Often, the sign of a great holiday movie is a stellar ensemble cast. On that front, Jodie Foster's Holiday House, which stars Holly Hunter, Robert Downey Jr., Anne Bancroft, Dylan McDermott and Claire Danes, nails. Based on a short story by Chris Radant, the Thanksgiving classic focuses on Claudia Larson (Hunter), who faces a series of unfortunate events at the head of the holiday. Not only does Claudia lose her job and kiss her ex-boss, but she also discovers that her daughter has made separate Thanksgiving plans, leaving Claudia adrift and Chicago-bound. The only problem? As with all time-tested holiday movies, Claudia's family is rather dysfunctional - that is, bad at communicating. In the end, the secrets come out, the feelings are hurt and the hilarity comes. Standouts include Foster's directing, Hunter's charm and Downey Jr. performances as Tommy, Claudia's gay brother and longtime confidant. Now Streaming On: Hulu, Starz, Sling TV. If you're like us, the lyrics "Remy, the ratatouille, the rat of all my dreams" were repeated in your head thanks to TikTok's internet-mememeet-musical-theater-collab Ratatouille the Musical, a crowdsourced, but unofficial, asked to turn the beloved Pixar movie into a Broadway hit. Esquee. While we recommend watching the various videos that make up the "Ratatouical" viral, it might be better to stick with the real Thanksgiving deal. Photo courtesy: Pixar/IMDb For the initiate, Ratatouille follows the story of Remy (Patton Oswalt), a blue rat with a penchant for cooking. When Remy is in Paris, he can't help but live his dreams of chefdom à well, sort of. Remy meets a strapless (and human) restaurant employee, Linguini (Lou Romano), and proceeds to run the boy's kitchen while hiding under the chef's hat. There is no one who appreciates the precision and beauty of Remy's cuisine more, so why not spend some time with him and his friends this Thanksgiving? Now Stream Up: Disney+. No, Knives Out is not a holiday movie, but the sheer amount of amazing cozy jackets and cardigans à and, above all, Chris Evans' iconic cable-knit sweater You could fool you. So why watch Thanksgiving? Well, knives out is family dysfunction, betrayal and secrets. Secrets. Like Thanksgiving, a death brings together a difficult family, but this time death is not a turkey à it is the rich and mysterious patriarch of the family, Harlan Thrombey (Christopher Plummer). Photo courtesy: Lionsgate/IMDb The film follows Marta (Ana de Armas), Harlan's caretaker, and the rest of the Zany family, who are tried as they try to put Harlan's suspect together. Rian Johnson's whodunnit feels like a snappier, saltier, more twistier Clue (1985), one that is made for, and about, the present day. But it still gives you the (strangely) cozy feeling those classic capers are known for, in part because of Daniel Craig's stellar performance as Benoit Blanc's private eye. In addition to Craig, de Armas, Plummer and Evans, the film also features stunning performances by Jamie Lee Curtis, Toni Collette, Michael Shannon and Lakeith Stanfield. Now Streaming On: Amazon Prime Video. Earlier this year, a bit of a scandal carved out around a Charlie Brown Thanksgiving. It had nothing to do with the content of the movie, but, instead, the availability of the movie. Since it launched its streaming service, Apple has acquired exclusive streaming rights to all heavy peanuts, from Itàs the Great Pumpkin, Charlie Brown (1966) to A Charlie Brown Christmas (1965). Photo courtesy: United Feature Syndicate/CBS/IMDb If you have access to Apple TV+, you'll still be able to enjoy the special, which opens with the iconic Peanuts "kick" - you know, Lucy inviting Charlie Brown to kick a kick, only to pull it off at the last minute. In addition to the classic hijinks, the special aims to tell a heartfelt friendship story: Charlie Brown, Snoopy and other gang members throw a thank-you dinner for Peppermint Patty after the Birkenstock-wearing baby is left at home alone for the holiday. In Lucy's words, you'd be a real "block" to lose. Now Streaming On: Apple TV+. There's just something about an extended family reunion in a big, old house that screams "happy holidays" - although there's nothing remotely seasonal about the movie in question. Such is the case of Dan in Real Life, a comedy-drama directed by Peter Hedges (Pieces of April). You can remember this movie for its iconic poster, which features a Steve Carell glum using a pile of syrupy pancakes as a pillow, but if you've never really managed to watch it, now is the time. Photo courtesy: Touchstone Pictures/Walt Disney Studios Motion Pictures/IMDb In one of her first dramedy curves, Carell plays Dan Burns, an editorial journalist and recent widower who takes his daughters on a trip to Rhode Island for an annual family reunion of her parents (Dianne Wiest and John Mahoney). Of course, Dan's other siblings also show up, including his perennial bachelor brother Mitch (Dane Cook). From managing your depression to having a moment of With Mary of Juliette Binoche in a local, local library, performance feels so grounded à the warming of the heart and also pungent. Perfect for the holidays. Now available for rent on: Amazon Prime Video, YouTube, Vudu. Speaking of love interests and bookstores... You got mail! Probably, this is the best Tom Hanks and Meg Ryan rom-com team of the '90s. Directed by Nora Ephron, this classic isn't really a Thanksgiving movie, but, like any good rom-com worth its salt, it still gives off those comforting vibes, all-end-well and there-some-grey-and-sweaters. Photo courtesy: Warner Bros./IMDb In the movie, Ryan's Kathleen owns an indie bookstore that is about to be put out of business by Joe (Hanks), our Amazon stand in the 90s. This strikes all the right beats, and, to be honest, there's an iconic Thanksgiving scene featuring a supremely annoyed Ryan in a grocery store dealing with woes money and a hateful guy (Hanks). And, hey, who wouldn't want to spend Thanksgiving with two of Hollywood's most beloved lovers? Now Streaming On: HBO Max. Are you trying to relive Thanksgiving? Tune in to The Oath, a black comedy written and directed by movie star Ike Barinholtz. Undoubtedly, this comedy film, built around a politically divided family, could only exist in a world where The Purge franchise exists à seems a response to that dystopian horror series, but, you know, driven by great comedians like Barinholtz and Tiffany Haddish. Photo courtesy: Roadside attractions/IMDb The premise is simple: In the near future, the U.S. government is asking all its citizens to sign a pledge of loyalty. It's not a requirement in itself, but there is a strict deadline à Black Friday, the day after Thanksgiving. This provides the background for Chris (Barinholtz) and Kai's (Haddish) messy meal of the day in Turkey. While the couple is rather disturbed by the oath, other members of their politically divided family are not so upset by it. Long story short, it's the embarrassing finale, infuriating Thanksgiving dinner à uncovered several notches. Now Streaming On: Hulu. In many ways, Lez Bomb is the happiest original season à ie, it also tells the story of a queer woman who brings her partner home for a vacation without first going out to her family. This time, however, the holiday is actually Thanksgiving. Written and directed by star Jenna Laurenzo, the comedy-drama follows the wardrobe Lauren (Laurenzo) and her loving partner Hailey (Caitlin Mehner) as they embark on a classic dysfunctional-family-meet-holidays journey. Photo courtesy: Gravitas Ventures/IMDb Upon her arrival at her parentsà à played by Kevin Pollak and Dierdre O'Connell à Lauren tries (something) better to come out as gay to them, only to be cut off from time to time. In the midst of all this, his long-standing roommate Austin (Brandon Micheal Hall) arrives, turkey in hand, to spend the holidays with Lauren's family. Almost immediately, Lauren Lauren Lauren's parentsAustin for his boyfriend and, when a flannel-clad Haley is displayed, the thought that is actually the Lauren partner never crosses their minds. Sometimes frustrating with design, this funny, sincere and sincere film of Thanksgiving is rounded up with a charming cast, which includes Chloë Leachman, Bruce Derna and Elaine Hendrix of Parent Trap (1998). Now streaming on: Amazon Prime Video, Tubes.
