click on the logo and select "wrap text". Select "In front of text" and drag the logo to where you want it to appear. The free fax cover sheet can be used for a business. If you are using it for a business, then fill in all the details that will be relevant each time you use it. This includes the sender's name, contact details, the company's name, and address. You can then put a few copies next to the fax machine and use it whenever you need one. You will then only need to fill in the recipient's details. How to make a fax cover letter You can use the message section to write a fax cover letter. If you want to write a long message, then select a template with more space for a message. How to edit the fax cover sheet template You can edit the free fax cover sheet template with Microsoft Word, Excel, Google Docs, or Google Sheets. Select any fax sheet template from the selection above. If you want to edit it extensively, then select the fax cover sheet Word version. If not, you can select a typeable PDF version as well. Type your name and contact details if the fax template is for personal use. If you are making a fax cover page for a business, then add your business name, contact details, address, website, email, fax and telephone number, and logo if you have one. If you are going to fill out everything each time you use the cover page, then save the document somewhere accessible. If you are going to fill out the specific details by hand, then delete all sections that will need to be filled out by hand. Make a few copies of the blank fax cover sheet and put them next to the fax machine. Each time you send a fax, you can fill in the details. This will save you a lot of time. How to fax without a fax machine There are many online fax services available today so you don't need a fax machine in order to send or receive a fax. You usually don't need to add your fax cover sheet to your fax. The online fax service does it for you. You don't even need to print it, which makes it more cost-effective.
