## Bothans rogue one

star wars character thrawn redirects here. for the book, see thrawn (mussare.)
mith'raw'nuruodo grand admiral thrawn star character of the wars swept by the star wars miniatures imperial game entanglements expansion packing (2009)More appearance heir of the empire (1991)Create datamotho zahnvoiced by tris king (tie fighter) tim russell (gory force arson of the empire, drama audio) robin atkin downes (empire at war: forces of corruption) lars mikkelsen (rebels)In-universe informationfull namemith'raw'nuruodokiviraw'nuru (birth name)[1]NicknameThrawnVurawun1SpeciesChissGenderMaleTitle Grand Empire introduced in the 1991 heir timothy zahn novel to the empire, he is an imperial military commander who took control of the remaining forces of the galactic empire five years after the events of the 1983 film return of the jedi. overwhelmed faces the classic characters of star wars luke Skywalker, princess leia, han solo, Chewbacca and Lando Calrissian in the Thrawn trilogy (1991-1993), but is finally defeated. apparently resurrected in the Thrawn duology (1997-98), and his history is explored in various other novels, stories, comics and video games in the expanded universe of star wars. lucasfilm renamed the expanded universe as star wars legends in 2014 and declared them non-canon to the franchise, but Thrawn was reintroduced into the canon in the third season of the animated television series 3d cgi star wars rebels, where he was dubbed by lars mikkelsen. rebels is set at a point in the timeline of star wars before Thrawn's stories in the continuity legends and, as such, sees his defeat much earlier, just before the events of the original 1977 star wars movie. Despite this, the character is mentioned as still alive in the second season of the live-action the mandalorian web television series (2020), which takes place a few years after the return of the jedi, very similar to the original Thrawn stories of legends. the character also appeared in a new trilogy of zahn's Thrawn books, consisting of star wars: Thrawn (2017), Thrawn: Alliances (2018) and Thrawn: Treason (2019), another trilogy of books, called Thrawn ascendancy, began in September 2020 with book i: chaos rising, then book ii: greater good released in April 2021, and book i21. Thrawn was one of the most significant and popular characters in the continuity legends, and is considered by many as the greatest military mind in legends.The Action Figures of Star Wars and other merchandising were produced by the character. The Thraw character appeared for the first time in the Novel of Timothy Zahn of 1991 Heir To The Empire, the first installation of what has become known as the first Thrawn trilogy. [2] [3] He is a great admiral in the imperial navy, [4] and categorically "the brilliant minions of the emperor". [6] A member of the alien species Chiss, Thrawn is described as a high and solidly built humanoid with blue skin and shiny red eyes wearing white uniform fixing the rank of him. [4] [5] He rose to power thanks to the "tactical brilliance and cunning" of him, and was described as "one of the most threatening antagonists" in the universe of Star Wars. [7] It is an unparalleled military genius, strategist and tactics, which made a large study on military intelligence and artwrok of other cultures, and Thrawn's trilogy finds him to control the remains of the imperial fleet in A series of extraordinary victories against the New Republic. [8] [9] The full name of him was given as Mith'raw'nuro. IGN described the character as "diabolical, brilliant and ruthless". [10] Zahn describes Thrawn's command style as noticeably different from that of Darth Vader and other typical imperial commanders; instead of punishing failures and dissent, Thrawn promotes creativity between the crews of him and accepts odds from subordinates. [8] Zahn said in 2017: most of the imperial leaders who see in films govern through a combination of fear and manipulation. I wanted to create something different: a commander who could lead through the loyalty. The result was Thrawn, a tactical genius whose troops will gladly follow him, and that he fought for him if he is looking his shoulders or not. [11] By referring the annotations of Zahn in the 19th anniversary of Heir to the empire, John Booth wrote to Wired that Zahn "created and developed Thrawn as a character [da] deliberately establishing the great admiral as a bad one who does not lead to coercion And fear but through a strategy and valuant loyalty ". [12] Zahn explained in 2008 that the Empire Thrawn version is different from that of palpatine because Thrawn does not have megalomania and xenophobia of palpatine. [13] Calling Thrawn and Mara Jade His favorite of the characters he created, Zahn noted in 2006 that the writing of the great admiral "provides the intellectual challenge of trying to find new, intelligent, and (hoped) tactics and work strategies ". [14] Portrayal Thrawn is dubbed by Tris King in the 1994 Star Wars computer game: The Fighter. [15] and by Tim Russell in 1997 Drama Audio Dark Forces: soldier for the empire. [16] In the three and four seasons of Star Wars Rebels, Thrawn is dubbed by Lars Mikkelsen. [4] [5] [17] Appearances Legends Works Timothy Zahn Created Thrawn in her 1991 Star Wars novel Empire. According to Zahn, Lou Aronica by Bantam Spectra had negotiated a book agreement with Lucasfilm in 1989, and the publisher put the name of Zahn at the top of the List of possible authors. He said: "My original lucasarts instructions [SIC] consisted exactly two rules: the books had to start 3 - 5 years after the return of the Jedi, and I could not use anyone who had been explicitly killed in the film." [18] Zahn used information from the original film trilogy as its primary source, but completed that with the details of the many source books created for West End "Star Wars games: role-playing, [18] [19] saying that they say, "he saved me from having to reinvent the wheel many times". [18] [A] In turn, every novel in the trilogy had its own book of role-playing gaming created for IT via West End Games. [20] [B] introduced in the Thrawn trilogy (1991A € ä ~ "93), [2] [3] Thrawn has become a favorite fan and later appeared in more than what has become known as the Star Wars has The universe expanded, including novels, comics and video games, until 2006. [3] [4] [5] It is often quoted as one of the More popular franchise characters. [4] [5] Star Wars Rebels Executive Producer Dave Filoni said of the character in 2016, "you couldn't have grown a fan of Star Wars without meeting the sweetness in the Herd of the Empire. It was a dark time when there were no. Other films, and BLEW our minds that could be more. "[4] [8] The same Thraw's trilogy is widely accredited with the relaunched interest for the Star Wars franchise. [14] [21] In 2010, Star Wars: The Clone Wars Creator Filoni expressed interest in using Thrawn in that series. [22] Some fans of the Zahn Thrawn series had to hope for a long time that the books would have been adapted, and after the announcement of 2012 that the Walt Disney company had acquired Lucasfilm and expected to produce film sequel for the return of the Jedi Zahn commented that if the material from the expanded universe was used in the films, "we would all be electrified to death". [21] With the acquisition of 2012 of Lucasfilm from Disney, most of the novels and comics of the Star Wars licensed since 1977 originating from Star Wars has been paid as a legend of Star Wars and declared not Canon to Franchising in April 2014. [23] [24] [25] Although Lucasfilm clarified that new media "would not tell the same story told in the post-return of the Jedi Expanded Universe", was also established that "creators New Star Wars Entertainment have full access to the rich content of the Universe Expanso. "[24] Recognizing that the Thrawn has long been considered by Lucasfilm when developing projects, strands latter said in 2016 that in particular the character had been in his own list of potential had when they grow rebels of Star Wars. [26] Thrawn Trilogy (1991a "1993) redirect" Heir to the Empire "here. For the novel by David Weber, see the empire's heirs." Thrawn Trilogy "redirects here. For the 2017 - 2017, see Star Wars: Thrawn. For the trilogy of the 2020-2021 Ancestry, see Thrawn's Ancestry. The Thrawn trilogy, also known as the heir of the Empire Trilogy, was written by Timothy Zahn between 1991 and 1993. In addition to Thrawn, the trilogy has introduced several differentCharacters, including Mara Jade and Talon Karrde. About five years after the events depicted in exchange for the Jedi, [27] the rebel alliance, now known as the new Republic, pushed the remains of the old imperial fleet to a distant corner of the galaxy and is trying to set up a functional government. Princess Leia and Han alone are married and expect twins. Luke Skywalker has become the first in a new discreet Jedi Knights line. Thousands of light years away, the great Admiral Thrawn, the last and the brilliant 12 admirals Grand, took the command of the crushed imperial fleet and prepared it to attack the new Republic. Thrawn is looking for a Dark Jedi to join him and he is confident that he can restore the empire. In the eriede of the elipy (1991), [C] Master Tactician Grand Admiral Thrawn Trans to destroy the new Republic despite their numerical advantage over the remaining imperial forces. He establishes the places of him on the Wayland warehouse of the late emperor palpatine, which contains a massaging range of cloning cylinders sparti and a cloaking shield from work. To this end, Thrawn and the subordinate of him Gilad Pellaeon, Captain of the Destroyer Star Chimaera, enlisted the help of the smuggler Talon Karrde and his second commutator Mara Jade to get different creatures similar to salamander called ysalamiri. Thrawn uses the ysalamiri, who owns the natural ability to interrupt the force, to submit the guardian of the warehouse Jorus C'baoth, a twisted clone of a Jedi master that the great admiral had killed years earlier. C'baoth offers the fidelity of him in exchange for two Elettrites to bend to him: Darth Vader, Luke and Leia's twin children. Thrawn sends some of his Noghri killers to capture Luke and a pregnant Leia, but their attempts fail repeatedly. Leia defends himself from an attack and is surprised when Noghri suddenly surrender. Thrawn launches his first offensive, a series of attacks imppressed in a new territory of the Republic, and then steals a complement to mole miners from the mining operations of Lando Calrissian on Nklon. Necessity of warships, and with his precedents tactics who had forced over 100 ships slightly equipped to be stationed at the shipyards of Suis Van as he included, Thrawn Invades. His stormtroopers use stolen miners to embark and hijacking ships, but they are hampered when they can seize the control of remote miners. The Grand Admiral withdraws its forces, but thanks to the Thrawn sampling, its new Nemesis Admiral Ackbar Republic is soon arrested for betrayal [8] [9] [29] Dark Force increase (1992) reveals that before the clonical wars The old Republic had built a highly automated strong cruiser fleet known as the Katana fleet. A virus has infected the crews floats and drove them mad. The fleet was never seen again until the smuggler Talon Karrde discovered it (several years before the events of the first book). With access to Palpatine's private warehouse on the planet Wayland, Thrawn presses his To gather more forces for the battle against the new Republic. Mara Jade, in an attempt to disrupt Karrde, goes to Thrawn and offered to reveal the position of the Katana fleet. Instead, she makes him follow her and Karrde is captured. Mara and Luke save Karrde from Thrawn's Destroyer star while Thrawn tries to capture another man who knows the Katana fleet. Meanwhile, Leia discovers that Noghri serve the empire because she venerated her father of her, the insidious Vader, who believe has saved their Honnahr planet from the ecological disaster. Leia convinces them to have been deceived and slamed by the empire, and change the deployment. With temporarily neutralized Ackbar as a tactical opponent, Thrawn guides an army of clones to claim the so-called Ä «Katana Fleet», overwhelming Luke, Lando and Han only. [8] [6] [30] In The Last Command (1993), set about a month after the previous book, Thrawn uses the Katana fleet, equipped with clones, to organize a successful offensive against the new Republic. Conquering a planet after another, the Great Admiral quickly immobilizes the world capital, Coruscant. He placed several asteroids hiding around the planet and, with a trick, led the leaders of the new Republic to believe that Coruscant is surrounded by them. Coming to know the deception, the fleet of the republic attacks the imperial shipyards of Bilbringi to capture a device that can find hidden asteroids, but Thrawn forces intercept them and surround them. Meanwhile, Luke and Leia guide a group to destroy the Wayland cloning structure, killing Jorus Cä € ~ " Baoth and destroying cloning cylinders. Just like Thrawn and Pellaeon learn that Noghri intended to Wayland's attack, Bulh, Thrawn's Noghri Body Guard, kills the rebel admiral, whose last words are Ä «But... it was So artistically made, "The battle of Bilbringi changes, and with the hope of victory broken by Thrawn's death, Pellaeon orders the imperial forces to withdraw. [8] [9] Denis Lawson tells the Empire and intimidate the new Republic. The tactic has succeeded up to PELLEON and TALON KARRDE - on opposite sides but both wanting peace - expose frizzi. Meanwhile, in a fortress called the hand of Thrawn, Luke and Mara Discover a pregnant and almost complete clone of Thrawn, which is killed during their escape. [8] [9] A Thrawn expedition is also mentioned to the unknown regions of the Galaxy. Finally, a peace treaty is signed by PELLEON and the President of the New Republic. Other novel works See also: Allegiance (Novel) Thrawn appears as a captain in 1997 William C. Dietz Novella Forze Dark: Soldier for the Empire. [9] It also appears in the galaxy of fear of 1998 Young Reader: the shame. Before the theatrical release of the clones attack, Lucasfilm suggested that Zahn writes a prequel book. [14] [E] Zahn has decided to have his new research of the novel of Survivor (the sequel of the Thrawn dimology hand) covers the end of the story of the ARC outbreak flight Before exploring his beginning in his prequel novel. [14] [F] in the search for Survivor, Luke and Mara Journey to investigate the wreck of the outbound flight, a Jedi expedition destroyed by Thrawn years before. [13] [39 ] Recently discovered by Cilicio, the remains are the bait in a trap posed by the wandering bloodline star to get revenge on the cylinder. [40] The novel inof the 2006 novel by Zahn is put fifty years before Survivor's research. [41] [G] Following is the story of the convict expedition, led by Jedi Master Jorus C'baoth, which is attacked by a young food focalled Mith'raw'nuruodoÄ ä ~ "informal known as Thrawn. [8] [13] [42] In history, a Republic fleet arrives for the first time the Circa. The alien commander, Thrawn, can easily exploit the Republic's ships despite their weapons and inferior numbers. Darth Sidigous, Palpatine's alter-ego, tries to destroy the outgoing flight, and he and his agent Kinman Doriana convince the hand that the ship and his Jedi pose a threat to the galaxy's peaceful future. Thrawn agrees, hoping to get C'baoth to come back before taking Princess Leia. However, Moff Disra takes on an artist with artist, Film, to impersonate the great late Admiral Thrawn to motivate the imperial forces. Marr Grodan Thace, the clone of a former Stormtrooper came across the Thrawn tactical intellect from the same Admiral himself, strategically that the false Thrawn could also gather support for the Empire and intimidate the new Republic. The tactic has succeeded up to PELLEON and TALON KARRDE - on opposite sides but both wanting peace - expose frizzi. However, Moff Disra takes on an artist with artist, Film, to impersonate the great late Admiral Thrawn to motivate the imperial forces. Marr Grodan Thace, the clone of a former Stormtrooper came across the Thrawn tactical intellect from the same Admiral himself, strategically that the false Thrawn could also gather support for the Empire and intimidate the new Republic. The tactic has succeeded up to PELLEON and TALON KARRDE - on opposite sides but both wanting peace - expose frizzi. Meanwhile, in a fortress called the hand of Thrawn, Luke and Mara Discover a pregnant and almost complete clone of Thrawn, which is killed during their escape. [8] [9] A Thrawn expedition is also mentioned to the unknown regions of the Galaxy. Finally, a peace treaty is signed by PELLEON and the President of the New Republic. Other novel works See also: Allegiance (Novel) Thrawn appears as a captain in 1997 William C. Dietz Novella Forze Dark: Soldier for the Empire. [9] It also appears in the galaxy of fear of 1998 Young Reader: the shame. Before the theatrical release of the clones attack, Lucasfilm suggested that Zahn writes a prequel book. [14] [E] Zahn has decided to have his new research of the novel of Survivor (the sequel of the Thrawn dimology hand) covers the end of the story of the ARC outbreak flight Before exploring his beginning in his prequel novel. [14] [F] in the search for Survivor, Luke and Mara Journey to investigate the wreck of the outbound flight, a Jedi expedition destroyed by Thrawn years before. [13] [39 ] Recently discovered by Cilicio, the remains are the bait in a trap posed by the wandering bloodline star to get revenge on the cylinder. [40] The novel inof the 2006 novel by Zahn is put fifty years before Survivor's research. [41] [G] Following is the story of the convict expedition, led by Jedi Master Jorus C'baoth, which is attacked by a young food focalled Mith'raw'nuruodoÄ ä ~ "informal known as Thrawn. [8] [13] [42] In history, a Republic fleet arrives for the first time the Circa. The alien commander, Thrawn, can easily exploit the Republic's ships despite their weapons and inferior numbers. Darth Sidigious, Palpatine's alter-ego, tries to destroy the outgoing flight, and he and his agent Kinman Doriana convince the hand that the ship and his Jedi pose a threat to the galaxy's peaceful future. Thrawn agrees, hoping to get C'baoth to come back before taking Princess Leia.
