The first grunge sounds came from Seattle to half of the 1990s, but has really gained popularity at the beginning and half of the 90s. This subgenere of rock music was a feeling. The bands like Nirvana, Pearl jam, Soundgarden and pilots of the stone temple have broken and showed the world that there was a type of rock music that was not necessarily metal and not necessarily psychedelic. This alternative sound resounded with hemarcali of the 90s, and changed the way we saw music. The rock was no longer a fusion of country, blues and electronics. It has become a pure sound that was not always perfect but has always made a difference. The texts of these new sounds attacked the company more than they had targeted the government, as he had some music of the previous decades. It was a question of watching yourself and understand who you were. He attacked self-understanding, bullying and inequality topics. Not doubtful, grunge changed the sound of music for a whole generation, and for a good reason. The music was pure, the voice was passionate and the texts were poems. It was so popular that the genus lasted over a decade with the fans that extended to the globe. If you think you are a fan of the grunge bands, try to identify these grunge songs from the texts we give you.
