I spy an alberto discord

As most of you might know, there's this Roblox group named "I spy an Alberto" that's dedicated to investigate and point out in wich games Albert is playing. So i'm here to leave my opinion about it and hear yours about this group. I personally do not like it, since, in one hand, you get to meet Albert and maybe appear on his video, wich is good, BUT, you all also storm all over him, maybe making it harder for him to continue the video and for the others to watch it, it's just like those casual fans that would pop up from time to time typing in all caps like "OMG OMG OMG ALBERT IS THAT YOU?!!!" but multiplied by 100. It honestly bothers me specially because everyday a lot of people join it and keep flooding the server were Albert is playing. I dunno, i would like to hear your opinion too. A growing world dedicated to the Albertstuf/Flamingo YouTube channels. We do stuff and accept suggestions. Join today, you won't regret it!
