ITA s big enough # 4.101.286 # 4101287Thank you! Here hoping that we will be able to get unlimited keys soon ... # 4.101.293 # 4101297Whenever I try to download it from my files, says "app not installed" and I'm not sure how to solve the problem. some advice? Thanks! # 4101298Thank a thousand skully. Incredible job like Alwaysop # 4101299 >> 4101297 Make sure we don't have other application versions installed before installing this. Uninstall any previous versions. # 4101317 # 4101324 # 4101345 >> 4101299 ok thanks! I'm sorry to disturb it again, but I have another question. When I downloaded this mod, I wasn't able to access Facebook or Google Play and since then you just played this mod without account. If you should access now, would the progress that I have done with any bill only to mine ?? # 4101356Thanks as always man, you are the best! D # 4101383 # 4101384Thank you, thank you, thank you !!!!!!!!!!! # 4101509as always, thanks for the mod! Appreciate the speed of these Updatesop # 4101511 >> 4101345 If you have never logged in to Facebook before and now the login, it should therefore save the current data and use it. Login test with Facebook, generally is requested if there is already a game save on Facebook, and you can choose to overwrite with your rescue room. # 4101515The mod is working as usual, thank you for this! But I was running in a problem since this version was released. every time I re-open the application after closing you get the "you have a save file in our" message and restore my progress at where I was before 2.5.5 has been released and deleted most of the books I had already completed. I usually play on Bluestacks, but I tried this using the mod on my old Android and the official application on my iPhone and always do the same thing. I connected from Facebook and connected And still got this message. Please help. Update: I connected back in the middle of an old account I did some time ago in case something similar has happened and has not yet the problem :) Last modification: 12 May 2019 # 4.101.522 4.101.511> > Has not saved any progress I did without account. It's all gone :(there is a way to get to get Back? I tried to disconnect but he held the progress of Facebook. # 4101559 # 4101561Thsnk you !! You are the best! > 4101630 No, you don't need to do it. You can simply install the version you have now and install the new one. 4101664 >> 4101522 Login with Facebook and save your data on the Cloud before uninstalling and installing the updated version? Otherwise, unfortunately your data went if you have not backed up. # 4101691Yes, I have not yet uninstalled, because I noticed that my local game data had been replaced with my Facebook data and any progress I did without any account gone. # 4101845 Is it possible that the mod needs an update? I can't get over the main blue screen that continues to flash for me. This is normally happened before but I was able to touch the screen and stopped happening and joining the game, now it's not as much as possible, no matter how much I shit remains that it remains doing that thing flashing. 4101845 This is a problem with your Google Games account, if you have Google Play Games installed, try uninstall and re-executing the app. # 4101886 >> 4101886 >> 4101850 UGH Thanks Yous > 4105101 Make sure your Facebook app on your phone is installed and up to date, if it is therefore trying to reinstall. >> 4105093 This is a known error with the app itself, not this patch. >> 4105105 What error are you getting when you try to install? Make sure you don't have app versions installed when you Try to install this patch. # 4105124 >> 4105124 Thank you, I understood it. # 4105126 # 4105145 >> 4105114 Usually install the app with the phone app. Status can update the app up to the patch 2.5.3. 2.5.4 and 2.5.5 give me that error. It's a bit of a complicated situation, but to write it short, FB has my account in question for over a year, and because you can't connect your choices to advance to another FB account, I can't uninstall the app without losing my life data. # 4105198i tried to connect to a But I continually get an access error. I tried several times today, but still the same. I don't deal with losing my progress, but ID say being able to connect in order to save this Haha progress. I could not install compared to the closure of APK Modded, as normal as it would not install me caused to uninstall it and then install the new, thus losing all my progress. # 4.105.306 4.105.198 >> If you get error log, you need to deactivate the Facebook application on your phone. # 4.105.414 4.105.114 >>> I was aware that it was a known mistake. I was wondering how other people who used this mod were able to work around it. Does actual transfer diamonds help those chosen beyond? # 41055091S Anyone having a problem when closing the game and opens the backup is branded you choose a Google account every time # 4.105.525 # 4105594 >> 4101264 Thanks !!! You guys are incredible # 4.105.603 4.101.264 >> I installed the mod this morning and said it was not installed. Then I had the error online and now I can't play the game more ... How can I solve the problem ??? I don't want to lose the progress of the game ... # 4105645i I still see people have the platinum available to play, but is not on my book list to everyone? Not in the categories both cases, it can be found at the bottom. Should I reinstall or is a problem of app? # 4.105.763 4.101.264 >> When I tried connecting to Facebook, he said that 'this game is already connected to another account'. But I can't remember any other account I was already tied to. What should I do? # 4105839Thank thousand There is no malware within this application. I suppose your antivirus langue a fake-positive. If you don't have the download of this patch well, then I simply notice I can assure you that it is safe. # 4.106.060 4.106.030 >> Ok thanks a lot! Download it # 4106340Aaay as soon as I want to try it # 4.107.055 # 4107190i Downloaded, but now I can't log in with my FB account. I keep giving mistakes. # 4.107.759 4.108.253 # # 4108336The last book from the PB, Platnuim Hasn 't showed in my game, but the book cover for The Royal Heir has shown in my game. # 4.108.666 # 410911Thank a thousand, never thought that I would have seen a mod working for this game # 4.109.175 4.108.981 >> The game is at 2.56 now. Waiting for update mod. Thank you for your hard work. # 4109182!ve downloaded every mod you made for choices. She is really impressive; Could you upgrade to 2.5.6? # 4109211please upgrade to version 2.5.6 # 4109256Thank thousand @imskully we are lucky to have you .. # 4109306i received a message on my app saying "There is a new update chosen!" And then the application stops. So I hope we will have version 2.5.6 soon :) Page 3 # 4109352There is a new version 2.5.6 please update # 4109657please upgrade to 2.5.6! Thanks! # 4109681Update 2.5.6 Please! We are waiting
