It is important to remember that you have to do it yourself. Now everything is ready. How to Install DLS 2020 Apk and OBB Data? As you can see, the process of installing the Apk file is quite simple. You may still experience issues while installing the Apk. Below I provide a step-by-step guide to help you. I hope this helps you. Now let's take a closer look at these instructions. I'd love toApk, as well as other files mentioned in the previous paragraph, Open Android phone settings. A security option will appear, so click on it. Now you will get the option "Unknown Sources - Installation", so check it or enable it. Then return to the main screen of the phone. Open a file browser or file manager. Find the folder where you downloaded the apk file. Find the apk file in this folder, and click on it. You will then see an install option on the screen. Select Install. Wait a few seconds. You did it. How to install OBB and data? Once the Apk installation is completed, you can get the DLS 2020 Apk Obb data after the installation is completed. These are very important setup files to install. To run the game, these items contain important content required to run the game. Therefore, I am sharing the steps below to help you install these files. First, you need to download the Zarchiver app on your phone which will be used to extract Zip or RAR files. Then follow these steps one by one. Then open the app that I asked you to install on your phones in the line above. Now open the download folder. There you will see a RAR or ZIP file, so click on it. Then click Extract. Here is an option. Now wait a few seconds as the extraction will take a few seconds. In the same folder, you will get another folder called Android. Click on this folder. Then open the Data folder. Now you will see this file "com.firsttouchgames.dls3" so move it to Android/Data. Go back to the same location, open the Android/OBB folder and move this file. "com.firsttouchgames.dls3" on Android/obb. Now return to the main screen and open the game. Now it will work.
