Stevin John (born May 27, 1988 as Stephen J. Grossman), better known by his alias Blippi, is an American children's entertainer and educator on YouTube, Hulu, and Amazon Video. The Blippi character that John portrays has a childlike, energetic and curious persona and is always dressed in a blue and orange beanie cap, blue shirt, orange suspenders, and a bow tie.[2] Early life This section relies too much on references to primary sources. Please improve this section by adding secondary or tertiary sources. (June 2021) (Learn how and when to remove this template message)John grew up "surrounded by tractors, cows, and horses", in Ellensburg, Washington, and has stated that as a child he wished to be a limousine driver and a fighter pilot.[2] Military service John served active duty in the United States Air Force as a loadmaster for the C-17 Globemaster airplane at the 4th Airlift Squadron and is a military veteran. His duties were to perform the calculations and planning cargo placement to keep the aircraft within permissible center of gravity limits throughout the flight.[3] Blippi Main article: Blippi The idea for Blippi came to John after moving back to Ellensburg and witnessing his then two-year-old nephew viewing low-quality videos on YouTube. Blippi has been described as "an adult human man who dresses up in bright clothes and dances around America's deserted soft play centres for the benefit of YouTube".[4] The first Blippi video was published on January 27, 2014,[5] with John starring as Blippi and doing all of the filming, editing and graphics himself on the initial videos. Taking inspiration from children's educators and entertainers before him, such as Mr. Rogers, John wished to portray Blippi as educational but also as thinking and acting as a child would.[6] Popularity The videos would eventually garner a large following with over a billion views on YouTube and the production staff expanding. The Blippi team would begin producing videos in Spanish, establish Blippi Toys, and begin offering DVDs and digital downloads from the Blippi website. Although Blippi's childlike demeanor has met with much success from children, some parents have questioned the simplistic nature of the character in regard to his tone and repetitive songs about things such as garbage trucks, fire trucks, and pizza.[7] Criticism In 2019, John was criticized for a "bait and switch" in which a Blippi tour was advertised, with parents paying high sums for tickets, but the actual performance was by a Blippi impersonator.[8] The producer and promoter of the Blippi Live show stated that the announcements and advertisements clearly indicated that John would not be on the tour; a refund was offered to ticket holders.[9] Steezy Grossman John started making gross out videos in 2013 under the persona of Steezy Grossman, a boy who was born as poop after his parents had anal sex.[10] Under his Steezy Grossman alias, John developed videos such as "Turdboy" and "Underwear Man". In a 2013 video John performed the Harlem shake on a toilet and defecated on a naked friend.[10][4] When the video was unearthed by Buzzfeed in 2019, John said, "at the time, I thought this sort of thing was funny, but really it was stupid and tasteless, and I regret having ever done it"[11] John used DMCA takedown notices to remove the video from social media and internet search engines.[12] References ^ a b "About BlippiVideos". It will get stuck in your head. Sorry in advance. Brace yourselves, Cumberbitches. The internet dance craze just happened outside Muslim Brotherhood HQ in Cairo. Children’s entertainer Stevin John AKA ‘Blippi’ is a massive YouTube star; he has over 11.3 million subscribers across three channels (Blippi, Blippi Toys and Blippi Espanol) and altogether has racked up literally BILLIONS of views. Featured Image VIA Here’s the sort of thing he does: But as is frequently the case with famous people these days, Blippi’s past life has been dug up and it turns out he had a previous online persona known as ‘Steezy Grossman’, and he made a proper disgusting video during the ‘Harlem Shake’ era in which he took a giant shit on his friend. Journalist Katie Notopoulos explains: The entertainer then known as Steezy Grossman put his own spin on the meme: In “Harlem Shake Poop,” set in the interior of a sparse bathroom with a shower stall, you see him sitting on the toilet, pants down around his ankles. He’s wearing a tank top, sunglasses, and, for some reason, a bicycle helmet. He gently shrugs his shoulders, rolling his arms to the beat. The beat drops, and suddenly the video cuts to Steezy standing sideways on top of the toilet seat, fully nude now except for the helmet and sunglasses. On the floor, a friend — whose identity is not known — leans against the wall in a contorted shoulderstand, his head and neck on the floor, his hips in the air, his legs dangling down. He is also fully nude except for goggles and a swim cap. A black bar has been edited over his genitals, blocking out not just his penis and scrotum, but also the full taint and b-hole. After a few seconds of dancing on the toilet, it happens. Steezy emits an explosive stream of shit, a cacophonous eruption that sends feces splattering across the room in a shotgun-like spray of poo pellets. Shit hits the wall, the glass shower door, the floor. And a sizable chunk hits its intended target: the spread-cheeked ass of his friend. Yep... not only did Blippi poop on his friend. He pooped in/on his friend’s butt. WTF? We searched far and wide for the video, but apparently someone representing Blippi filed a DMCA copyright takedown request to have the embarrassing video wiped from the internet (given his new role as children’s entertainer). Smart. We do have this artist rendering however: And we found these reaction videos: Indeed, the guy loves his chocolate: View this post on Instagram A post shared by Blippi (@blippi) So obviously there are parents now worried that their kids are watching this guy’s content on YouTube. I think it’s safe to say he won’t be uploading any similar videos given the effort he’s put into erasing the original video from existence and the fact he has a goldmine of a YouTube business to protect. But still, you can understand their concerns. Overall though, I think Notopoulos’s summary is pretty fair: Gross? Sure. But what we have here is a consensual, nonsexual poop joke. No one got hurt; it’s not sexist or criminal or problematic; it’s just pure Jackass prank stupidity. If two adult men want to take a crap on each other for the sake of a viral video, I say god bless them. Let’s just keep him well away from the Poop Wizard - I don’t think the world could handle a tag team like that. blippi, Buzzfeed, CHILDREN, copyright, exposed, harlem shake, poop, stevin john, VIDEO, VIRAL, YOUTUBE
