# Remedial investigation report outline

## Ball Field Track Area at the Water Pollution Plant

Investigation was completed at 11:20 and the final report was completed at 11:34. All personnel at the investigation site were advised at 11:35. All surface water handling activities were suspended and the Motor Room Team (MRT) was activated at 11:35.

The water pollution incident was resolved by Emergency Service Technicians (EST) and all personnel were transported to the CMR for treatment of water collection. At 11:35, all personnel were released from the site.

The MRT performed various remedial gas checks and entered the underground via the All-Weather Tunnel (AT). They performed a gas check and found the atmosphere to be safe and entered the all-weather tunnel at 11:35. No gas was detected. Oxygen levels were at 21 percent and there was no carbon monoxide or hydrogen sulfide. The MRT entered the air via the tunnel but the flow was under the influence of the right-hand flow. They reported their first observations on the condition and personnel at the scene at 11:35.

At 11:35, a second MRT entered the underground via the all-weather tunnel, took additional gas readings, and drove the underground away from the scene of the flow. They entered the underground from the tunnel which and the flow appeared to be fully extinguished. They then notified the Incident Commander (IC) and the Incident Commander (IC) was notified. The IC was notified at 11:35 and the IC was notified at 11:35. At 11:35 and January 6, 2014, the event was terminated and the IC and IC were discharged.

### Direct, Root, and Contributing Causes

**Direct Cause (DC)** - the immediate event or condition that caused the accident.

The direct cause of the accident was the failure of the motor room fire alarm system. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected.

**Root Cause (RC)** - caused factors that, if corrected, would prevent recurrence of the same or similar accidents.

The root cause of the accident was the failure of the motor room fire alarm system. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected.

**Contributing Cause (CC)** - events or conditions that, if corrected, would prevent recurrence of the same or similar accidents.

The contributing cause of the accident was the failure of the motor room fire alarm system. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected. The fire alarm system failed to sound the alarm and the fire was not detected.

## LIST OF ACRONYMS

Acronym	Definition
AOC	Area of Concern
CAMP	Community Air Monitoring Plan
COC	Containment of Contaminant
CPP	Citizen Participation Plan
CSM	Conceptual Site Model
DER-10	New York State Department of Environmental Conservation Technical Guide 10
FID	Flame Ionization Detector
GPS	Global Positioning System
HASP	Health and Safety Plan
HAZWOPER	Hazardous Waste Operations and Emergency Response
IRM	Interim Remedial Measure
NAPL	Non-aqueous Phase Liquid
NYC VCP	New York City Voluntary Cleanup Program
NYC DOHMH	New York City Department of Health and Mental Hygiene
NYC OER	New York City Office of Environmental Remediation
NYS DOI	New York State Department of Health Environmental Laboratory Accreditation Program
OSHA	Occupational Safety and Health Administration
PID	Photo-Ionization Detector
QEP	Qualified Environmental Professional
RI	Remedial Investigation
RIR	Remedial Investigation Report
SCO	Soil Cleanup Objective
SPEED	Searchable Property Environmental Electronic Database

## PROTOCOL COMPLIANT INVESTIGATION REPORT

\*\*\*Example A is the initial investigation report used in training. Read through it first, note questions you would have if you were reviewing this report based on Appendix A requirements, and then read through Example B. Bold portions of Example B show the improvements.

### 1. ALLEGATION

Residential Support Staff (RSS) Rashad Greene reported that co-worker Tony Steward forcefully shoved individual Jesse Drew to the floor, causing Drew to strike his head against a chair. Greene reported that Steward also yelled at Drew, but was not sure what he said. Steward was attempting to make Drew pick up grapes that Drew had thrown on the floor. Drew would not pick up the grapes, instead throwing a grape at another individual. Drew then started stepping on the grapes. Finally, Drew stuck his finger in Steward's face. Steward pushed Drew to the floor at that point. RSS Rachel O'Leary intervened and walked Drew back to his room. Nursing staff observed that Drew had redness and a small scratch on the side of his head upon examination following the incident. The redness soon faded away. YCBDD reported the incident to the Cumberland Police Department. CPD declined to conduct a criminal investigation since no significant injury resulted.

### 2. DOCUMENTS REVIEWED

- ITS MUI Report 2010-092-0262
- Best Care Inc. UIR, J. Drew, 6/21/10, 1:30 PM (RSS R. Greene)
- Behavior Support Plan, Jesse Drew

### 3. FINDINGS OF INVESTIGATION

#### Best Care Program Director Laurina Lawrence

On 6/22/10 at 9:00 AM I contacted Best Care Program Director Laurina Lawrence to initiate the investigation. Ms. Lawrence noted that Mr. Drew's behavior was very unpredictable. He often became physically aggressive toward staff. Ms. Lawrence was not present at the home when the incident occurred. She received a telephone call from Mr. Greene describing the incident. Ms. Lawrence instructed Mr. Greene to fill out an incident report and placed PPI Steward on administrative leave pending the investigation.

Ms. Lawrence noted that Mr. Steward has been a good employee for Best Care over the past 2 years. Other staff often sought Steward's assistance when Mr. Drew's behavior got out of control. Lawrence felt Drew's behavior support plan was ineffective in addressing his problem behaviors. She felt the gist of this incident was that Drew initiated aggression toward Steward. She did not believe Steward would intentionally harm Drew or any resident of the home.

#### Incident Reporter/RSS Rashad Greene

professional development purposes on an individual course basis without formally applying to the program. To apply for approval for a course for professional development, e-mail the program assistant identifying which course would like to take and attach your current curriculum, together with a brief explanation of how it refers to your occupation or study. This program has a two-step admissions process. Applicants shall comply with all entry requirements to be accepted. Step 1: PRICE ASSESSMENT ©. Contact the wizard of the program for a price assessment ©- entree. You should send a prion evaluation ©- approved program entry for its online application. Step 2: meet the following entry requirements English: two years of teaching in English in an English language country with one of the following options: complete one of the following options before admissions: Option 1: A two-year diploma (credit rate) © said 60.0) or degree of associate or bachelor of a recognized second-stage institution or recognised post-secondary institution or recognised secondary institution or option 2: A 60.0 credit © courses courses that meet the requirements of the first two years of study for the conclusion of a degree of degree defined from a recognized secondary institution (e.g. BA, BSc, BComm, BASc, etc.) or Option 3: A 60.0 credit institution © courses of one or more recognised second-stage institutions (at least 18.0 credit © in the second year or higher level) or Option 4: Certification as a constant policy and conclusion of thirty. O CRED © calls from a recognized post-secondary institution or Option 5: Alternative policy meeting of entry/exception. Contact the program assistant for more details. Verification of criminal records (CRC) Contact your local police department to get the appropriate charter forms for the police department [PDF] Should be issued within one year of application The result of the CRC can influence its acceptability to this program. Complete and sign waiver form of the applicant for the Retome Program Form © - Entry binder courses: 3.0 Credit © credit claims © sayings Quãmica 3.0 in Biology Applicants who have completed secondary studies outside canadÀ, United States, United Kingdom, New Zealand or New Zealand will require a comprehensive assessment of International Credit Assessment Service (ICES) credentials. They can be considered reports evaluating credentials from other Canadian services. These reports should include course assessments and GPA calculations. Read more about how to meet the entry requirements of the CITY Participate in an information session before applying for this program. For more information and to register for an information session visit the Forensics website. This program is available to international students who currently have a valid status in Canada. A valid study permit is required before starting the program. To submit your application: Include proof of compliance with all entry requirements. Convert all transcripts and supporting documents into PDF files. Have a credit card © Now learn more about how to apply the ongoing part-time studies: January, April, and September. Recognition of Apprenticeship Assessment Practice © via (PLAR) allows the student to use knowledge and skills acquired outside recognized programs to obtain exemptions for specific courses in the program. Contact the Program Wizard for details. Within two days after sending your complete application, BCIT will send a message to your personal e-mail addresses and myBCIT. All correspondence regarding your application will be placed on your myCommunication account online in my. Bcit! ca. We will send you an e mail when a new message is published. It is important to be aware of these e mails or to check your online account regularly. You can expect to receive communication on the state of your application within four weeks. Due to COVID-19, the requirement of 200 hours of work experience is being dismissed until © new warning. For more information, contact your program coordinator. Check availability courses for this program. Check the current availability of courses for this program. There's breakfast. © essential requirements that are necessary, whether you are obtaining an Advanced Certificate or a Bachelor of (BTech) degree, including: Three legal framework courses One or more courses to give you the framework of research for your work One are © range of electoral courses to support your a rea of specialisation and to provide a wider knowledge of applied management and/or investigative skills A total of 24 credit © These must be completed to obtain a certificate advanced in Forensic Science Technology (Forensic Science Studies). Contact Dave McKay, Program Coordinator, at 604.432.8238 for the Advanced Certificate Program Matrix or for more information on this course of study. If you are pursuing a BTech in Forensic Investigations (Forensic Science Studies), you too © courses in liberal education, including courses in reading/writing and writing © More courses related to the investigative framework More disciplines related to the objectives of your career A graduate project A total of 60 credit © These are necessary to achieve this degree. You'll be learning so much © cutting edge techniques using current technology and tools. Most courses involve class lectures and also © m may include laboratory instruction. Working on case studies and projects will improve your classroom learning, which © designed to give you the theory and knowledge you will need at work. Several forensic science courses involve simulated crime scenes, where you will apply what you want you to learn about how to collect evidence correctly. You will gain practical experience in video and image courses using the individual workstations that are built on the Avid Xpress Pro platform. © the standard tool of the entire editing industry with forensic filters developed by Ocean Systems. Like this program is © aimed at professional workers, courses are usually offered on nights and weekends and occasionally in daytime format a week. Some courses are available online. The bachelor of technology in forensic research must be completed within seven acceptance for the program. Depending on the course learning outcomes, students will be evaluated in a combination of the following aspects: Participation in classroom exercises Participation and conclusion of case studies participation In fontruns of discussion Discussion of projects Concluded Submission of Jobs Concluded quizzes Interim and final exams The monitamate note of approval for each course is 60%. Additional Options of Burnaby Campus 3700 Willingdon Avenue Burnaby, BC Downtown Campus 555 Seymour Street Vancouver, BC Courses are also offered through learning to distance and online. Due to Covid-19, the 200 hour job requirement is being missed until new warning. For more information, contact your program coordinator. CREATED COMPONENTS 1. MAIN COURSES 32.0 AT, 1.1 Liberal Studies 12.0 1.2 Applied Gestion 6.0 1.3 Legal Framework 6.0 1.4 Investigative Framework 8.0 À, 2 . Specialty Courses 19.0 3. Draft Graduation / Estágio 12.0 Total 63.0 In addition, students must complete a minimum of three months of relevant work experience before the program conclusion. The experience of work should be reviewed and approved by the program coordinator. Contact the program coordinator for more details. The graduates of the forensic science option can be employed in a series of research positions, depending on the academic formation and student work experience. This may include: technicog, analyst or scientist (with an advanced diploma (s)) in a laboratory forensic police officer (ie, forensic identification section) Coroner a credential - a diploma or certificate - in forensic studies will be a good supplement to its current formation. More importantly, you can open it new doors: Possibly put it in a position for a promotion or allow you to transition to a new career area. Maybe it's a professional who uses of forensic laboratory and wishes to have a greater understanding of the collection and analysis of evidence. Or or are in loss prevention or security management that require skills to analyze analog and digital security footage. It may even be a registered nurse who seeks forensic knowledge to work as part of a multidisciplinary team to investigate crimes, violence and trauma. Whatever your professional course, this program is for you. Because our instructors are specialists in the field, they will benefit from direct access to these professionals who know the work panorama, have good contacts, and can provide you with a realistic picture of related careers. Potential employers include organizations such as federal and municipal law enforcement agencies, RCMP Forensic Laboratory Services, BC Coroner Service, and a number of public and private sector organisations that use video/digital technology for security purposes. Graduates are also eligible to apply for our Graduate Certificate Program in Forensic Health Sciences. The results report of BCIT students presents the summarized results of the annual survey to former students administered by BC Stats one to two years after graduation. These reports combine the last three years of results available for the 2018-2020 BCIT 2017-2019 results surveys and for the 2016-2018 Degrees graduates. The reports are organized in three-page abstracts containing information on the experiences and opinions of graduates on the labour market in relation to their education. More detailed information can be accessed on the BC Student Outcomes website. To view these results, you may need to have Adobe Acrobat Reader installed in your web browser. Forensic Research (Option of Forensic Sciences) Students must complete a minimum of three months of relevant work experience before the completion of the program. The work experience should be reviewed andby the Program Coordinator. Contact Program Coordinators for more details. Upon successful completion of all program requirements, complete a Application for the BCIT Credential [PDF] and submit to Studentand Application Services. Allow about six to eight weeks for processing. All financial obligations to the Institute must be fulfilled before the issuance of any credit © said. Credentials.
